

ENVIRONMENTAL COMPLIANCE REPORT

Kranti Opencast Project (OCP) — FY 2023-24

Eastern Coalfields Limited (ECL) | Report Date: March 31, 2024

EC No.: J-11015/77/2004-IA.II(M)

Compliance Status: Partial Compliance

Monitoring Period: April 2023 — March 2024

Report Ref: ECL/KRA/ENV/2024/03

1. Air Quality Monitoring

Ambient air quality monitoring was conducted at 4 stations around the mine periphery.

Parameter	Unit	Observed Value	Permissible Limit	Status
Dust Concentration (RPM)	mg/m ³	85	150	Compliant
SPM (Suspended Particulate Matter)	µg/m ³	120	200	Compliant
SO ₂	µg/m ³	18	80	Compliant
NO _x	µg/m ³	35	80	Compliant
Air Quality Index (AQI)	—	78 (Moderate)	< 100 (Satisfactory)	Compliant

2. Water Quality Monitoring

Water quality monitoring was conducted at mine discharge points and nearby water bodies.

pH	—	7.2	6.5 – 8.5	Compliant
Total Dissolved Solids (TDS)	mg/L	450	2000	Compliant
Total Suspended Solids (TSS)	mg/L	68	100	Compliant
Iron (Fe)	mg/L	0.42	3.0	Compliant

Water Discharge Volume (MLD): ??? MLD [ILLEGIBLE — ink smear on original scanned document]
■ This field could not be read from the original hardcopy. Manual verification required.

3. Plantation & Green Cover

Green belt development status as on March 31, 2024:

- Total plantation area: 48.2 hectares (target: 50 ha)
- Number of saplings planted (cumulative): 12,450
- Species: Eucalyptus (40%), Acacia (30%), Bamboo (20%), Local species (10%)
- Survival rate: 78%

4. Overall Compliance Status

PARTIAL COMPLIANCE

Non-conformance: Water discharge volume record unavailable (illegible source document).
